Presents a blueprint for educating children in the skills they will need to prosper in the twenty-first century

This is an overview of mediation, from premediation conference through all stages of the mediation session. The book answers 100 questions frequently asked by new mediators. The section Everything you never wanted to know about the rules of evidence should prove useful for the non-attorney mediator, who sometimes deals with the evidentiary vocabulary of the legal profession. Learn to establish authority as a mediator; schedule the mediation session; deliver the mediator's opening statement; prioritize issues; preside during joint sessions; conduct private caucuses; overcome impasses; identify hidden agenda and throwaway items; deal with parties who lack settlement authority; and aid parties to achieve a viable settlement.

A hands-on training text that provides an overview of arbitration, from the prehearing phase through the hearing and deliberation of the award. The book answers 100 questions frequently asked by new arbitrators. There is a discussion of evidentiary concepts, which should prove useful for non-attorney arbitrators, who sometimes deal with the evidentiary vocabulary of the legal profession. Learn to provide the necessary ethical disclosures; conduct a preliminary conference; issue prehearing orders; establish a discovery schedule; resolve discovery disputes; deal with attempted delays; preside at a hearing; render an award; and avoid prejudicial conduct.

Contemporary's seven-book series is a comprehensive instructional program for adult learners and pre-high school skill levels. The series develops solid skill foundations needed by learners who may go on to prepare for the high

school equivalency examination. Building Basic Skills is ideal for individualized or group instruction. Each worktext has clear, simple directions and easy-to-follow skill progressions for the learner working in a self-paced program. Each book provides everything the learner needs to master the basic skills.

Encourage a love of learning in students in grades PK–1 with Early Learning Basic Skills! This 160-page book includes more than 150 reproducible activities that cover topics such as beginning the school year, pencil and scissors skills, colors and shapes, basic concepts, the alphabet, and numbers 0–30. It also includes sight-word and number flash cards, a color mini-book, and an alphabet mini-book. The activities are great for instructional settings, independent free time, and take-home projects that parents and children can complete together. The book supports NCTE, NCTM, and NAEYC standards.

Mastering Basic Skills(R) Third Grade includes comprehensive content essential to third graders. Topics include reading comprehension, phonics, grammar, writing, dictionary skills, math, time and money. The Mastering Basic Skills(R) series includes grade-specific math and language arts activities as well as reading lists, skills checklists, awards, and mini books. The comprehensive content and extra features increase the value of this series making it an appealing choice to parents looking for extra at-home practice for their child.
