Writer and psychologist Stephen Cartmell set off to explore Britain using the cultural melting pot of the UK's 60 racecourses as his staging posts. During his travels the author observed the frequent absurdity of the British, the peculiarities of their institutions and developed a satirical critique of one of the country's favourite pastimes. With his acute eye for observation, an appreciation of the ridiculous and the ability to find humour even in the face of petty officialdom, this acclaimed book is not simply a travelogue of racing but a key to understanding Britain and its curiously comical inhabitants. Racegoer, traveller or first time visitor, Stephen Cartmell's colourful stories are sure to entertain.

With the growth of practitioner research, this book leads the way by addressing key issues faced by (insider researchers) [] those doing research projects in the organizations and communities in which they themselves work, or where they are already familiar with the setting. The authors explore the implications of these research contexts, and discuss approaches and methodologies that researchers in these contexts might adopt, with a particular focus on ethics - one of the key concerns for students undertaking a research project of this type.

With longer words and sentences, varied language patterns, and full-spread illustration-enhanced photographs, progressing readers learn about the grizzly bear's life cycle and eating habits. Children who are practicing common words and letter sounds will build confidence as they recognize familiar words and expand their vocabulary. Aligned to Common Core standards and correlated to state standards. Magic Readers is an imprint of Magic Wagon, a division of ABDO.

Iris Sandford is a very successful private investigator who brings in big name clients, and keeps affairs out of the public eye. Her clients range from CEOs, professional athletes, models, to the mailman. Business is booming; however, some cases require more attention than others as Iris tries to balance work and her own personal issues. Yet when the scandals hit too close to home can Iris objectively conduct business as usual or get consumed by the drama? Set in the beautiful city of Chicago, Dangerous Indulgences is a tale of love, lust, and seduction told only as Isis could with steamy sex scenes to accompany the plot. It is indeed an exciting read that will touch all of your emotions with its intense, yet fun characters who will live in your head well after you close the book.

This book is an introductory overview of biochemistry that emphasizes important features of the discipline in a concise, focused manner. Based on lectures given to undergraduate students in medicine, arts, and sciences, it serves both as an introduction for those coming from a non-science discipline and a refresher to those who have taken a biochemistry course before. This comprehensive text discusses many diseases and clinical applications as well as the basics of biochemistry.

The Tarascon Clinical Neurology Pocketbook brings neurologists, internists, primary care physicians and residents the most convenient and comprehensive pocket reference available today. This concise, organized pocket guide is packed with essential lists, figures, & tables providing instant reminders of hard-to-remember, vital clinical information. This pocket reference guide covers the diagnosis and treatment of common neurological disorders, neurosurgery topics including brain tumors, and a comprehensive section on neuropharmacology. No other Neurologic reference of this kind incorporates neurosurgery, neurology and neuro-critical care in one reference. The Tarascon Clinical Neurology Pocketbook is an unmatched resource for neuroscience medical practitioners and trainees.

This book integrates theory with practice by presenting a real life scenario in each chapter to illustrate insights and skills needed by leaders in education in an increasingly diverse society. It draws on literature and examples from both the UK and international sources, taking a stance on equity and offering a fresh look at what it means to be a leader in education today. The book will be of interest to both practitioners and students of educational leadership and management with an interest in values of social justice and equity. Special features of the book are: It brings together theory and practice on aspects of educational leadership and management;Each chapter includes an illustrative scenario drawn from real life situations;It encourages reflection;Leadership is generally understood to be distributed;An ethical stance is promoted based on values of social justice and equity;There is a focus on cultural diversity;The authors draw on their own research.
