The story of Mike 'The Mic' Millard, the infamous live music bootlegger. Bootlegging, a practice that previously played a crucial part in the lives of many music fans, is no longer the fruitful career path. Thanks in no small part to the dawning of the internet, it has meant that unless you're Jack White and decide to ban phones from your gig, as soon as you do as much as roadtest a new song it will undoubtedly be on social media forever.

Story of infamous music bootlegger Mike 'The Mic' Millard

The loss of taxes collected by the government was one of the biggest factors in the repeal of nationwide Prohibition in the early 1930s. By then the country was mired in the Great Depression and the government needed the money. In the many dry counties and communities which remained in the United States following Prohibition the profession of bootlegger remains, seen in the moonshiners of Appalachia and elsewhere.

### TextBook Gentlemen Bootleggers The True Story Of Templeton ...

When the American government threw their lot in with the Temperance Movement and started the ill-fated experiment that was Prohibition, it started a weird period in America's history where the criminal element gained something of a weird, favorable notoriety—especially the bootleggers, rumrunners, and moonshiners. The heroes of Prohibition, they kept a dry country from getting thirsty, and their methods make for some good stories.

### 10 Fun Stories About America's Bootleggers - Listverse

THE BOOTLEGGER is the story of Henry "Kelly" Wagle, a hometown gangster turned folk hero in the town of Colchester, Illinois (population 1,493). It is a nonfiction feature film, based on the 1998 book by John E. Hallwas, which was nominated for the Pulitzer Prize for Nonfiction and the National Book Award for Nonfiction.

### The Bootlegger (2016) - IMDb

Starting in the Prohibition era of the 1920s, big city gangsters like Al Capone paid small-town brewers to provide them with cut-price, illegal alcohol to distribute among speakeasies. Law enforcement naturally took a dim view of this enterprise, forcing still operators to work after dark, hence the term "moonshine".

The Bootlegger Story. 1900's Maria & Luigi Zoia. 1923 Little Maria, 9 years old with family. Ancestors Luigi and Maria Zoia migrated from Padua, Italy to Niagara Falls, Ontario, Canada in the early 1900s, bringing their family to a new land near "America," where they would have the opportunity to reap the rewards of their strong work ethic and family commitment.

### The Bootlegger Story | Bootlegger Las Vegas

The home in the small hamlet near Albany was formerly owned by Adolph Humphner, the so-called "Mystery Man of the Mohawk Valley" who many believed was a bootlegger during Prohibition.

Tells the story of Kelly Wagle, a small-time bootlegger whose still-unsolved murder early in the twentieth century revealed the secret undercurrents of small-town life in a struggling American mining town made up of British immigrants. UP.

During Prohibition, while Al Capone was rising to worldwide prominence as Public Enemy Number One, the townspeople of Templeton, Iowa—population just 418—were busy with a bootlegging empire of their own. Led by the whip-smart and gregarious Joe Irlbeck, an outfit of farmers, small merchants, and even the church Monsignor together created a whiskey so excellent it was ordered by name: "Templeton rye." However, a prohibition agent from the adjacent county named Benjamin Franklin Wilson was ardent in his fight against alcohol, and he chased Irlbeck for over a decade. But Irlbeck was not Capone, and Templeton would not be ruled by violence like Chicago. Gentlemen Bootleggers tells a never-before-told tale of ingenuity, bootstrapping, and perseverance, showcasing a group of criminals who embraced the American ideals of self-reliance, dynamism, and democratic justice. It relies on previously classified Prohibition Bureau investigation files, federal court case files, extensive newspaper archive research, and a recently disclosed interview with kingpin Joe Irlbeck. Unlike other Prohibition-era tales of big-city gangsters, it provides an important reminder that bootlegging wasn't only about glory and riches, but could be in the service of a higher goal: producing the best whiskey money could buy. Bryce T. Bauer is a Hearst Award-winning journalist who has written for Saveur, the Daily Iowan, the Cedar Rapids Gazette, and other publications. He is coproducing and cowriting West Iowa Whiskey Cookers, a documentary on Prohibition-era bootlegging. He lives in New York City.

To his family and friends and neighbors in the Italian-American community known as Garlic Gulch in Seattle, Frank Gatt was a respected and generous businessman. But to the federal agents who tracked his and his brother John's businesses for years, Frank Gatt was one of the most notorious and successful bootleggers in the Pacific Northwest. For nearly 20 years, his life revolved around hiding from police, federal agents, and his own misgivings; four adventures in courtroom trials; and two stays at the federal penitentiary on McNeil Island in the Puget Sound. Wrapped in between all of that was a unique friendship with one of the legendary photographers of the West, Asahel Curtis, identified as Ace in this book. This book is a "must read" to learn about Seattle's eye-opening history during Prohibition. It is also just a great story.

"As a pharmacist turned lawyer turned master prohibition era bootlegger, George Remus is now remembered as one of the most notorious figures of the American prohibition. This biography tells the complete story of Remus's private life and public persona, focusing especially on the turbulent rise and fall of his bootlegging kingdom"--Provided by publisher.

Deborah Knott, an attorney attempting to infiltrate the old boy network of tobacco country by running for district judge, is distracted from the race, and almost eliminated from it, when she finds new evidence to an old small-town murder.

Uses previously unstudied Coast Guard records for New York City and environs to examine the development of Rum Row and smuggling in New York City during Prohibition. With the passage of the Eighteenth Amendment, "drying up" New York City promised to be the greatest triumph of the proponents of Prohibition. Instead, the city remained the nation's greatest liquor market. Smugglers, Bootleggers, and Scofflaws focuses on liquor smuggling to tell the story of Prohibition in New York City. Using previously unstudied Coast Guard records from 1920 to 1933 for New York City and environs, Ellen NicKenzie Lawson examines the development of Rum Row and smuggling via the coasts of Long Island, the Long Island Sound, the Jersey shore, and along the Hudson and East Rivers. Lawson demonstrates how smuggling syndicates on the Lower East Side, the West Side, and Little Italy contributed to the emergence of the Broadway Mob. She also explores New York City's scofflaw population—patrons of thirty thousand speakeasies and five hundred nightclubs—as well as how politicians Fiorello La Guardia, James "Jimmy" Walker, Nicholas Murray Butler, Pauline Morton Sabin, and Al Smith articulated their views on Prohibition to the nation. Lawson argues that in their assertion of the freedom to drink alcohol for enjoyment, New York's smugglers, bootleggers, and scofflaws belong in the American tradition of defending liberty. The result was the historically unprecedented step of repeal of a constitutional amendment with passage of the Twenty-first Amendment in 1933.

The story of New England is built on an endless armature of fascinating tales of Yankee ingenuity and hardy, intrepid characters. Bootleggers, Lobstermen, and Lumberjacks takes the top fifty wildest episodes in the region's bygone days and presents them to the reader in one convenient, narrative-driven package. Including incredible but true tales of hardy Yankee hill folk and crusty seafarers engaged in all manner of amazing activity—from witch-hunting to log rolling, sometimes with tragic results—this book is a perfect stroll through New England's past for resident and visitor alike. Yankee history is rife with all manner of shipwreck victims surviving any way they know how; Indian, pirate, and shark attacks, cougar and bear attacks, and, of course, rum runners and bootleggers doing what they do best.

The epic true crime story of the most successful bootlegger in American history and the murder that shocked the nation, from the New York Times bestselling author of *Sin in the Second City* and *Liar, Temptress, Soldier, Spy* In the early days of Prohibition, long before Al Capone became a household name, a German immigrant named George Remus quits practicing law and starts trafficking whiskey. Within two years he's a multi-millionaire. The press calls him "King of the Bootleggers," writing breathless stories about the Gatsby-esque events he and his glamorous second wife, Imogene, host at their Cincinnati mansion, with party favors ranging from diamond jewelry for the men to brand-new cars for the women. By the summer of 1921, Remus owns 35 percent of all the liquor in the United States. Pioneering prosecutor Mabel Walker Willebrandt is determined to bring him down. Willebrandt's bosses at the Justice Department hired her right out of law school, assuming she'd pose no real threat to the cozy relationship they maintain with Remus. Eager to prove them wrong, she dispatches her best investigator, Franklin Dodge, to look into his empire. It's a decision with deadly consequences. With the fledgling FBI on the case, Remus is quickly imprisoned for violating the Volstead Act. Her husband behind bars, Imogene begins an affair with Dodge. Together, they plot to ruin Remus, sparking a bitter feud that soon reaches the highest levels of government--and that can only end in murder. Combining deep historical research with novelistic flair, *The Ghosts of Eden Park* is the unforgettable, stranger-than-fiction story of a rags-to-riches entrepreneur and a long-forgotten heroine, of the excesses and absurdities of the Jazz Age, and of the infinite human capacity to deceive. Advance praise for *The Ghosts of Eden Park* "Prose so rich and evocative, you feel you're living the story--and full of lots of 'I didn't know that' moments. Gatsby-era noir at its best."--Erik Larson, #1 New York Times bestselling author of *Dead Wake* and *Devil in the White City* "Few authors write as colorfully and compellingly about the past as Karen Abbott, particularly when bad behavior is involved. In *The Ghosts of Eden Park*, we meet the audacious, larger-than-life 'King of the Bootleggers,' George Remus, and the equally fascinating women who will seal his fate. Sex and greed, corruption and revenge, oceans of illegal booze--Abbott's action-packed, riveting tale has it all."--Paula McLain, New York Times bestselling author of *The Paris Wife* and *Love and Ruin*

The generation that toiled through the Great Depression and won the Second World War has become known as "the greatest generation." But not all of them qualified for that exaggerated epithet in the eyes of their own children. In this tender but unsparing memoir, Mary Cimarolli remembers a world in which the family home was lost to foreclosure, her father made his way by bootlegging, and school was a haven to hide from her brother's teasing. Her stories are about struggle and survival, making do and overcoming, and, ultimately, reconciliation. From her perspective as a child, she describes the cotton stamps and other programs of the New Deal, the yellow-dog Democrat politics and racism of East Texas, and the religious revivals and Old Settlers reunions that gave a break from working in the cotton patch. The colorful colloquialisms of rural East Texas that dot the manuscript help express both the traditionalism of the region and its changes under the impact of modernization, electrification, and the coming of war. Along with these regional and national trends, Cimarolli skillfully interweaves the personal: conflict between her parents, the death of her brother a few days before his sixteenth birthday, and her own inner tensions.
