Easy Etymology (Sarf) by Maulana Hoosein Loonat – Darul ... The Science of 1
The Science of 1.1 Definition, Purpose and Subject Matter is the science of classical Arabic which deals with how to identify the grammatical positioning of the three parts of speech; , and by recognizing the changes which occur at their end.

Unlike much of the instant analysis that appeared at the time of the Iranian revolution, *Iran: From Religious Dispute to Revolution* is based upon extensive fieldwork carried out in Iran. Michael M. J. Fischer draws upon his rich experience with the mullahs and their students in the holy city of Qum, composing a picture of Iranian society from the inside—the lives of ordinary people, the way that each class interprets Islam, and the role of religion and religious education in the culture. Fischer ' s book, with its new introduction updating arguments for the post-Revolutionary period, brings a dynamic view of a society undergoing metamorphosis, which remains fundamental to understanding Iranian society in the early twenty-first century.

Beginning in 1895, includes the Proceedings of the East India Association.
