From light commercial to heavy industrial, KOHLER® gaseous generators from 25 to 450 kW are customized to your specs and available EPA-certified. Large gaseous models from 500 to 1000 kW are designed to work specifically for standby, prime or continuous applications - whatever you need.

Gaseous Industrial Generators | Kohler Power

Designing power systems that meet requirements for the highest levels of uptime requires expert attention to system architecture and equipment redundancy. Getting the right combination of uninterrupted power supply and generator sets is crucial to meet your facility's needs. Kohler power systems enable your facility to comply with NEC and NFPA requirements and meet Joint Commission (JCAHO) accreditation and certification.
