Emperor penguins spend their entire lives on Antarctic ice and in its waters. They survive—breeding, raising young, and eating—by relying on a number of clever adaptations. These flightless birds breed in the winter. After a courtship of several weeks, a female emperor penguin lays one single egg then leaves! Each penguin egg's father balances it on his feet and covers it with his brood ...

"Information about animals shells, scales, spikes and other outer coverings, for young children learning to read"--

From pigeon pizza parties in New York City to koala street crossings in Australia, wild animals all over the world show us how they live in cities, interact with humans, and strut their street smarts in this new reader from National Geographic Kids. Packed with beautiful and engaging photos, this new leveled reader dives into the amazing ways animals have adapted to a more crowded world. Kids will learn about all kinds of unexpected animal sightings and find out how these creatures behave. And they'll learn how to stay safe and keep animals unharmed during urban animal encounters. National Geographic Readers' expert-vetted text, along with brilliant images and a fun approach to reading, have proved to be a winning formula with kids, parents, and educators. Level 2 text provides accessible, yet wide-ranging information for kids ready to read on their own, perfect to encourage the scientists and explorers of tomorrow!

Describes how different animals build their homes, from honeybees in a hive and birds in nests to bears in dens and spiders in webs.--

Packed with engaging photos, this leveled reader dives into the amazing world of animals that change their appearance based on environment, the need to blend in to hunt or stay safe, and even their mood! Kids will learn all about the how and why of these amazing animal transformations.

Developed by National Geographic in consultation with literacy education experts, a series of high-interest, exciting and easy-to-read books contain simple text, National Geographic photography and kid-friendly design, as well as loads of information about subjects that really matter to kids. Simultaneous.

Combines sumptuous photography and engaging text in a collection of profiles that detail the characteristics of favorite cute animals, from roly-poly polar bears and waddling penguins to funny monkeys and energetic tiger cubs. Simultaneous.

You know fireflies glow in the dark, but did you know there are many other animals that make their own light? Dive deep into the ocean, soar high in the sky, and explore the forest and desert floors to discover animals that glow. Explore the wonderful world of bioluminescence and biofluorescence in this National Geographic Kids Co-reader. Learn how and why animals emit light. Discover their incredible colors in stunning photography of eels, corals, frogs, and more. National Geographic Kids Readers have been a hit in the beginning reader category, and this book builds upon that success with a new approach--parents and children reading together. With the same combination of careful text, brilliant photographs, and fun approach to high-interest subjects that has proved to be a winning formula with kids, National Geographic Co-readers provide one page of adult read-aloud and one page of kid read-aloud text on each spread, building toward a collaborative reading experience.

Every year like clockwork, animals both big and small are driven by a natural instinct to move, in order to survive. On both land and sea, they fight the odds and the forces of nature to breed, feed, or lead and carry on for future generations. This reader is an introduction to the treacherous trek of the zebra, walrus, and Christmas Island red crab to overcome obstacles that include hungry cheetahs, stinging yellow crazy ants, and even their fellow species to make the often impossible journey of their lives. National Geographic supports K-12 educators with ELA Common Core Resources. Visit www.natgeoed.org/commoncore for more information.

Independent readers will learn all about nature's most amazing builders in this new leveled reader from National Geographic Kids. Meet brilliant birds, inventive insects, ocean architects—and more!

Young readers learn all about animal abodes--from cozy dens to towering trees--in this new Pre-reader from National Geographic Kids. Through text features such as a vocabulary tree and wrap-up activity, kids will be introduced to vocabulary in concept groups, helping them make connections between words and expand their understanding of the world. Along with brilliant photos and a fun approach to reading, National Geographic Readers are a winning formula with kids, parents, and educators.
