Sears offered more than 370 designs of kit homes from 1908- 1940, but nationally known Sears House expert Rosemary Thornton has discovered that Sears had 60 best-selling designs. In her new book she writes, "If you learn how to identify these 60 designs, you'll discover about 60% of the Sears Homes in your community." "Finding the Houses That Sears Built" contains more than 190 graphics and photos, as well as comprehensive, detailed and fascinating information on how to identify these 60 best selling designs. Each housing style is given two full pages in this 8.5 x 11-inch book. One page shows the house as it originally appeared in the Sears Modern Homes catalog (with house details and floor plans). An opposing page has two high quality photos of existing Sears Homes. In preparing to write this captivating book, Rose photographed more than 1500 homes in 11 states. "Finding the Houses That Sears Built" represents more than five years of intensive research, documentation, travel and study.

What can the rise and reign of this century's most feared politician teach us about life, work and love? Rob Sears shows how the machinations that enabled Putin to dominate the Kremlin and undermine the United States of America could also help you take control of your mundane life. How would you like to ruin your enemies by sharing compromising material about that time they didn't wash their hands? Or annex territory by claiming the stationery cupboard at work as your personal empire? Fancy hacking democracy at the parent-teacher association to ensure you're a shoo-in for social secretary? Or serving up a cold dish called revenge in a high street restaurant? Filled with stories from Putin's extraordinary time in power, and ideas and illustrations to help you emulate him on a small scale, Vladimir Putin: Life Coach is the ultimate guide to releasing the pseudo-elected, judo black-belt, 5D chess-playing autocrat inside each and every one of us.

“ Sears has finally unraveled the mystique of this complex, brilliant Civil War general . . . A fascinating story ” (James M. McPherson, author of Battle Cry of Freedom). “ Commander of the Northern army in the Civil War, Gen. George McClellan saw himself as God ’ s chosen instrument for saving the Union. Self-aggrandizing, with a streak of arrogant stubbornness, he set himself above President Lincoln, whom he privately called ‘ the Gorilla. ’ To ‘ the young Napoleon, ’ as McClellan ’ s troops dubbed him, abolition was an ‘ accursed doctrine. ’ Fond of conspiracy plots, he insisted that the Lincoln administration had traitorously conspired to set him up for military defeat. Although he constantly anticipated one big, decisive battle that would crush the South, he squandered one military opportunity after another, and, if Sears is correct, he was the worst strategist the Army of the Potomac ever had. Based on primary sources, letters, dispatch books, diaries, newspapers, this masterly biography is an astonishing portrait of an egotistical crank who could snatch defeat from the jaws of victory. ” —Publishers Weekly “ Engagingly written and thoroughly researched, Sears ’ s persuasive critique is the best and most complete biography of this controversial general. ” —Library Journal “ The best biography of McClellan ever published. Sears uses intensive research, including new material, to document the tormented, wasted military career of a talented man . . . The enigma of McClellan has never been explained so well . . . Historians should be grateful. ” —The Washington Post Book World
