Felix and Zelda have escaped the train to the death camp, but where do they go now? They're two runaway kids in Nazi-occupied Poland. Danger lies at every turn of the road. With the help of a woman named Genia and their active imaginations, Felix and Zelda find a new home and begin to heal, forming a new family together. But can it last? Morris Gleitzman's winning characters will tug at readers' hearts as they struggle to survive in the harsh political climate of Poland in 1942. Their lives are difficult, but they always remember what matters: family, love, and hope.

Felix, a Jewish boy in Poland in 1942, is hiding from the Nazis in a Catholic orphanage. The only problem is that he doesn't know anything about the war, and thinks he's only in the orphanage while his parents travel and try to salvage their bookselling business. And when he thinks his parents are in danger, Felix sets off to warn them--straight into the heart of Nazi-occupied Poland. To Felix, everything is a story: Why did he get a whole carrot in

his soup? It must be sign that his parents are coming to get him. Why are the Nazis burning books? They must be foreign librarians sent to clean out the orphanage's outdated library. But as Felix's journey gets increasingly dangerous, he begins to see horrors that not even stories can explain. Despite his grim surroundings, Felix never loses hope. Morris Gleitzman takes a painful subject and expertly turns it into a story filled with love, friendship, and even humor.

1946. Europe is in ruins. Millions of people dream of finding happiness somewhere else. Fourteen-year-old Felix is one of them. When he's offered a journey to somewhere far away, he seizes the opportunity. So does someone very dear to him, even though she wasn't actually invited. They have high hopes for their new land, and their dramatic arrival there makes them want to stay. But before Felix and Anya can embrace the love and friendship of their new world, they must confront the murderous urge for revenge still alive in the old. Felix knows he hasn't faced anything like this before. He may not survive, but he's hoping he will. Maybe.

I hoped the Nazis would be defeated. And they were. I hoped the war would be over. And it was. I hoped we would be safe. But we aren't. Soon continues the incredibly moving story of Felix, a Jewish boy still struggling to survive in the wake of the liberation of Poland after the end of World War Two.

Set in the current day, this is the final book in the series that began with *Once*, continued with *Then* and is . . . *Now*. Felix is a grandfather. He has achieved much in his life and is widely admired in the community. He has mostly buried the painful memories of his childhood, but they resurface when his granddaughter Zelda comes to stay with him. Together they face a cataclysmic event armed only with their with gusto and love—an event that helps them achieve salvation from the past, but also brings the possibility of destruction. *Now* is one of Kirkus Reviews' Best Children's Books of 2012

Felix is lucky. Unlike the other children in the orphanage, he's certain his parents will come back for him one day. And whatever the Nazis do and however many books they burn, Felix's imagination provides him and his companions with an endless supply of stories that protect them when they're on the run and one day may even save Felix's life.

After the Nazis took my parents I was scared After they killed my best friend I was angry After they ruined my thirteenth birthday I was determined To get to the forest To join forces with Gabriek and Yuli To be a family To defeat the Nazis after all
